NOTICE OF ACCEPTANCE FOR NEW SCHOOL CHILDREN

A "notice of acceptance" should have been mailed to all parents of children who will commence elementary school and junior high school next spring (those who were born between April 2, 2015 and April 1, 2016, and those who were born between April 2, 2009 and April 1, 2010, respectively) by the end of January. If you have not received a notice yet, or if your child will not attend the designated school, please contact the Gakko Kyoiku-ka in the City Office (4th floor).

Parents of applicable children need to attend a parent meeting at the school their children will attend, in late January or early February. These meetings are essential for understanding school life in Japan and include the purchasing of school supplies. The meeting schedule is different for each school.

NATIONAL HEALTH INSURANCE PREMIUM REVISED FOR FY 2022

The aging population and growing medical expenses have been pressuring the financial status of the National Health Insurance Scheme in Iruma City. Although the City has kept the premium rate unchanged for years, but now it is unavoidable to revise the premium rate because we expect transfer from Iruma's financial adjustment fund cannot make up the revenue shortfall enough in the fiscal year of 2022.

The City started applying the new premium rates in April 2022. The premium on per capita basis (computed evenly according to the number of family members) will be increased from 40,000 yen to 43,000 yen a year (total of medical benefit/kaigo/support for elderly), along with some increase of the income-based premium.

The City will strengthen its efforts to reduce medical expenses (e.g. promotion of generic drugs and health promoting programs) and increase income (e.g. collection of unpaid premiums). Thank you for your understanding.

Inquiries: Kokuho Iryo-ka (Section for National Health Insurance and Medical Care)
